# *ADMINISTRATION*

*Proudly we salute the members of the faculty and administration, whose continual guidance and leadership has been to us a constant source of inspiration.*

# Administration

Mr. Jack N. Schwartz  
*Supervising Principal*

The class of 1966 is graduating into a world of rapid change. This is a world of computers and automation, of space missiles and space travel, of higher education and increasingly greater skills.

In order for you to compete in this type of environment with its constant change, the faculty and administration urge you not to make graduation from high school an end in itself but to give yourself a chance for further development. Make your graduation the first great step in your learning process and in your search for success in life.

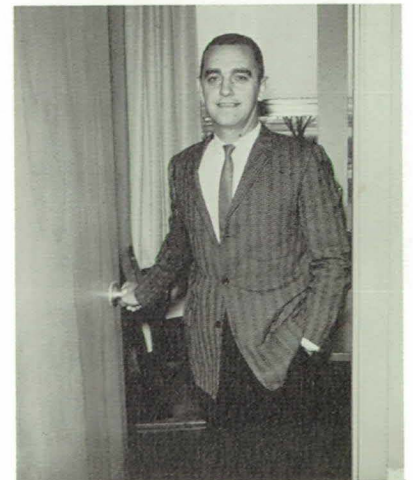

We of the faculty and administration hope that the training you have received in the modern facilities of Fort Cherry High School will be a guide to you in your endeavors as you meet the challenges of an adult life.

Mr. Guy Tornabene  
*High School Principal*

Mr. George E. Baker  
*Elementary Supervisor*

Mr. Robert J. Loughry  
*Assistant High School Principal*

## Board of Education

*Sitting:* Dr. J. K. McCarrell, John T. Caldwell, Rachel Hughey, Adine Freville, Hilda S. Balog, Bruce R. Books, President; Edwin G. Wilson, Secretary. *Standing:* Edwin B. Swartz, J. N. Schwartz, Howard Felton, George E. Baker, Robert J. Loughry, Guy Tornabene. *Not Pictured:* Interim Committee: Louis E. Thomassy, Vice President; Joseph McWreath.

## Joint School Building Authority

T. Graff Miller, President; Joseph A. Matchett, Treasurer; J. N. Schwartz, Supervising Principal; John R. Cowden, Assistant Secretary and Treasurer; Frank Nagode, Vice President. *Not Pictured:* William D. Simpson, Secretary.

The Fort Cherry Joint School Building Authority is a municipal authority composed of a group of citizens of a school district who have been appointed by the Board of Education for a term of five years for the purpose of constructing new buildings for the school district. The municipal authority issues a bond to finance construction of any new or remodeled buildings in the district. The authority is in force until all financial obligations have been completed.

Mrs. Wilma Aiken

*Best of luck always  
Wilma Aiken*

Introducing the strange world of mathematics to all seventh graders is the responsibility of this capable instructor. Students find that they must stay alert in order to meet her standards in the classroom. When not actually teaching arithmetic, she attempts to acquaint these newcomers with the rules and regulations of a new school.

In an atmosphere of straight pins and scorched casseroles, Miss Ammons introduces newcomers to the complex world of homemaking. A firm believer in the theory that the kitchen stabilizes the home, she instills this opinion in her students. In addition to these demanding tasks, she sponsors the Future Homemakers of America.

Miss Dolores Ammons

Among the pots and pans, patterns, materials, and bewildered girls stands Mrs. Anderson. Her job is to acquaint junior high students with the fascinating realm of housekeeping. Through diligent practice, each girl learns to master both the kitchen equipment and sewing machines skillfully. She always has a spare moment to answer any questions these future wives and homemakers may have.

Mrs. Wilmah Anderson

Mr. Richard Antoszeski

Mr. Rich Antoszeski is a well-liked and knowledgeable member of the Science Department. His soothing attitude helps his more squeamish Biology students survive the dissection of a worm or a frog. Besides teaching Biology, he teaches a class of Chemistry and Advanced Science. A very sports-minded individual, he is one of the F. C. Varsity wrestling coaches.

*Very best wishes,  
Mrs. Anderson*

Mrs. Jeanetta Bartins

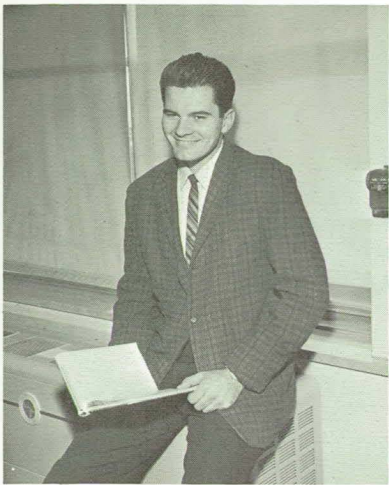

What would many a desperate student in search of information for a research paper do without the assistance of Mrs. Bartins, high school librarian? Through her supervision, the library is being continually improved to the advantage of everyone. As sponsor of the Librarians Club, she strives to make student librarians, as well as others, realize the value of the library.

Just looking at this cheerful teacher makes a student really feel like typing and working hard in class. Along with Typing I, Mrs. Bee teaches Business English, Business Law and Consumer Education. Through her friendly but firm instructions, she teaches future secretaries about the business world. She has guided many to successful careers in business through her experienced advice.

Mrs. Virginia Bee

Mr. Andrew Behary

"Does a scalene triangle have two equal sides, Mr. Behary?" This is only one of many questions that this tall, handsome gentleman might be asked in either a General Math or Geometry class. Because he is never at a loss for an answer or never hesitates to explain some difficult material, he is one of our most capable and well-liked teachers.

If awards were given for patience, Mrs. Bell would certainly be the deserving recipient. Anyone who can survive the confusion of beginning typing deserves more than a medal! Her friendly personality and commercial skills combine to make her a well-liked and competent member of the faculty.

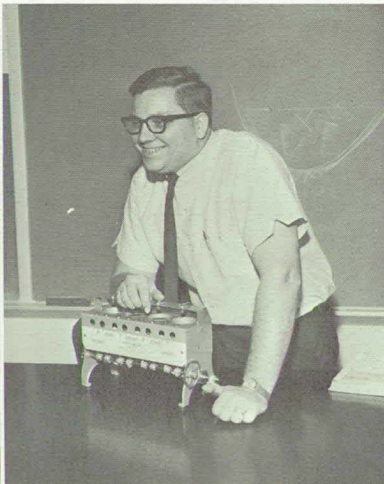

Mrs. Nancy Bell

New to the staff at Fort Cherry this year, Miss Braddock teaches English to eighth graders and speech to upperclassmen, as well as sponsoring the *Pinnacle*. Along with being helpful in these school areas, Miss Braddock is an excellent violinist. She took part in fourteen symphonies before joining the F. C. faculty.

Miss Karen Braddock

Mr. Francis Bunecicky

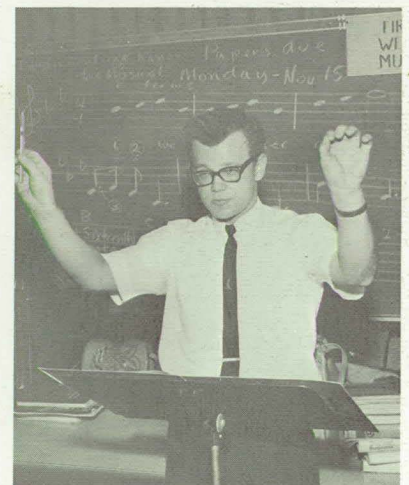

Through his classes of Earth and Space Science, Mr. Bunecicky reveals his knowledge of the scientific world in an interesting and captivating way. Because of his endeavors, students are prepared for future scientific studies in the field of biology and chemistry. His many experiments and demonstrations help students obtain a basic concept of the principles of science.

Mrs. Sadie Burns

Somehow managing to survive the sicknesses and complaints of the entire student body, Mrs. Burns remains a calm and helpful individual. Her comforting assurance makes even the worst of tragedies seem trivial. A perfect school nurse, her perceptive powers enable her to distinguish the healthy from the sick, despite countless deceptive efforts by the students.

Well-known to many of the students at Fort Cherry, Mr. Butkowski is usually seen near the band room and the area of Room 100. He is director of the senior high marching and concert bands and aids future band members by giving instrumental lessons. When not directing the Ranger band, he can most likely be discovered behind the wheel of his gold Barracuda.

Mr. Paul Butkowski

Despite his many tiring duties as Home and School Visitor, Mr. Calabrese remains enthusiastic and energetic. His responsible position requires visiting the homes of chronically absent students to investigate their innumerable excuses. Although this, in itself, is a full-time job, he still manages to conduct a course in Office Practice for commercial seniors.

Mr. Patsy Calabrese

Miss June Campbell

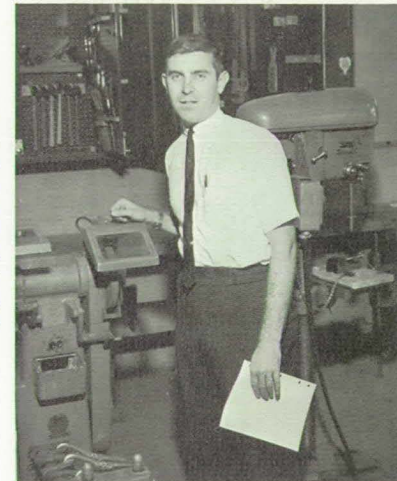

A teacher's responsibility does not end in the classroom. A good example of this is Miss June Campbell, Chairman of the Mathematics Department. She is director of her church choir, leader of a local 4-H club, and author of a mathematics textbook for the partially sighted. Youth, not only in school, but also in her community benefit from her commendable achievements.

Mrs. Rosanna Campbell

Mrs. Campbell, a most dedicated teacher, is kept occupied teaching classes of Spanish I, II, and III. Her many travels add color and excitement to her classes while her devotion to language earns her the respect of all the students. Through the Spanish Club, which she sponsors, she emphasizes the importance of educational relationships with other countries.

A prominent figure in the Vocational Agriculture Department is Mr. T. L. Carter. Having lived on a farm, he is well acquainted with both the practical and technical aspects of running an efficient and productive farm. His expert guidance has enabled many students to win honors and prizes in both local and state contests.

Mr. T. Lee Carter

Helping students to do their best and inspiring them to worthwhile projects are two of Dr. Colton's main concerns. The many products of excellent quality turned out by his students are an indication of his success. He is recognized as an important and distinguished member of the faculty.

Dr. Harold Colton

Miss Elsie Cowden

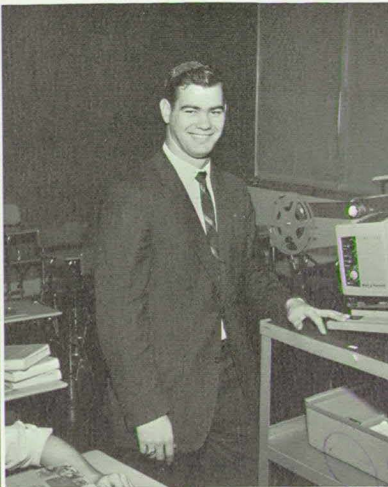

The merits of English Literature are made apparent to her students through the constant efforts of Miss Cowden. There is no time for loafing in her classes because she covers such a wealth of information in literature. Many a student in the past, and probably many more in the future, have chosen a career in teaching as a result of their association with The Future Teachers, one of several activities which she sponsors.

It takes a true artist, someone endowed with the talent of expression, to teach art successfully. Mr. Elbert Davis is indeed such a man. Because he himself possesses talent and a keen awareness of the beauty of true art, he has no trouble enlightening his students and inspiring them to many creative projects.

Mr. Elbert Davis

Mr. Ronald Dellapina

As Fort Cherry's new head wrestling coach, Mr. Dellapina spends much of his time preparing wrestlers for their matches. His expert knowledge is invaluable in this area. In his health classes, he attempts to acquaint his students with the intricacies of the human body, a job which he handles very well.

*R. Dellapina*

Mrs. Clare Duschl

Although she teaches girls Physical Education and Health, most of the boys recognize this very attractive member of our faculty. Because she realizes the importance of being physically fit, she herself participates in the activities of her classes, making them more worthwhile to her students. Her unique sense of humor is enjoyed by the members of her classes.

*Clare Duschl*

Enriched by a recent trip to France, Mrs. Dyson is an excellent "professeur de francais." She attempts to teach not only the language, but the thoughts and customs of the French people as well. She is also very active as co-sponsor of the French Club and Tri-Hi-Y.

Mrs. Gwen Dyson

Nerves of steel and a good sense of humor are necessary requisites for a successful Driver's Ed. teacher. Fortunately for future drivers, Mr. Garry is calm, and even more important, good-natured. These qualities are also helpful in his duties as head coach of the football team, which he has led on to many rewarding seasons.

Mr. James Garry

Mr. Arthur Hanna

Composure and graciousness are the two virtues by which Mr. Hanna is most easily recognized. In a gentle manner, he maintains an air of informal orderliness in his Civics classes. Well-read in history, he flavors his classes with interesting bits of information not found in the textbooks. He also makes good use of maps and charts to further enlighten his students.

Mrs. Helen Hitchcock

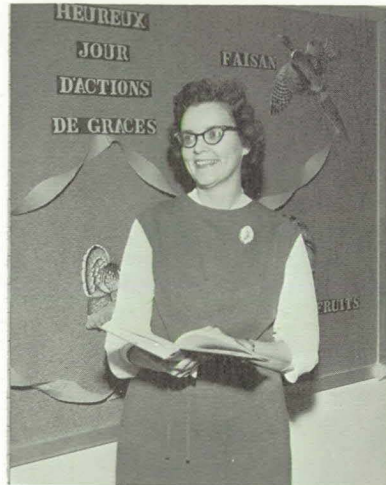

Greeting her students with a pleasant smile and a cheery "hello", Mrs. Hitchcock is seen busily carrying out her duties as a teacher of seventh grade English. Her reassuring manner gives her students a feeling of confidence while in the classroom and an incentive to work to their full capacities.

Teaching Sophomores the basics of Biology is not always a simple matter as Mr. Holleran will attest. However, his distinctive capability as a science instructor enables him to impart a degree of scientific knowledge even to the most unscientific mind. He also teaches Physical Science and General Science.

Mr. James Holleran

If you chance to pass room 256 and detect a lull followed by numerous giggles it just may be that Mrs. Holleran has told a joke in French to her class, and the students are busily translating and appreciating it. Besides humor, she employs her knowledge of French culture to make the study of French as alluring as possible.

Mrs. Mary Holleran

Mr. John P. Horner

*Well I think and  
Latter says  
J.P. Horner*

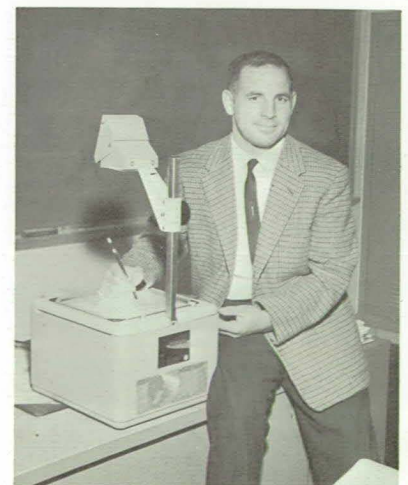

Many are the talents of Mr. Horner, teacher of seventh grade history. His elevated teaching standards help students to adjust more proficiently to the discipline of learning. Mr. Horner has chosen a time-consuming hobby—the theater. He has taken part in many semi-professional plays in Pittsburgh and aids the participants of the class plays with helpful advice.

Mrs. Dorothy Irwin

Handling the frenzied and difficult job of being a school secretary is Mrs. Irwin. A very efficient secretary, Mrs. Irwin is always in control of every situation. However trying her schedule may be, she is always ready with a cheerful smile and a solution to every problem.

Because Mr. Johnston possesses a deep sense of understanding and the virtue of patience, he makes the ideal Special Education teacher. He is liked and respected by all who know him. As line coach of the football team, he impresses upon the boys the merits of good sportsmanship.

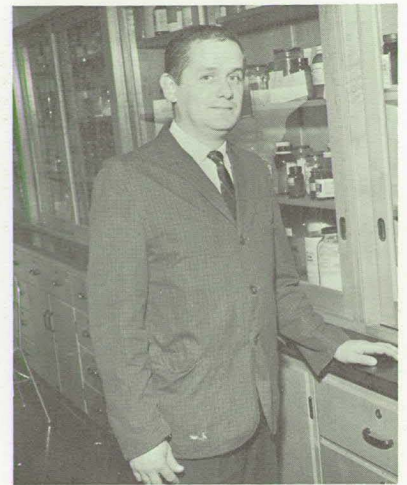

Mr. Raymond Johnston

Miss Jane Kirk

Miss Kirk, an understanding guidance counselor, is always willing to counsel, advise, and help any student with problems ranging from improving grades to student-teacher relationships. At times, she merely listens to the student's complaints, which is often the greatest portion of guidance. Somehow she always finds time to teach English Composition to academic seniors.

Mr. Joseph Lauff

Despite his guise of white lab coat and goggles, everyone recognizes this Chemistry and Physics instructor as Mr. Lauff. Though he conducts class and experiments with authority and efficiency, he frequently "breaks up" the students with his jokes and anecdotes. He is also active in sponsoring the Science Club and instructing Seniors in the fundamentals of Civil Defense.

Teaching eighth graders the importance of the correct use of grammar is a principle concern of Mrs. Linkesh. Her friendly nature makes her a favorite among the Junior High students. Her cheerful personality creates an atmosphere of informality and graciousness.

*Mrs. Linkesh*

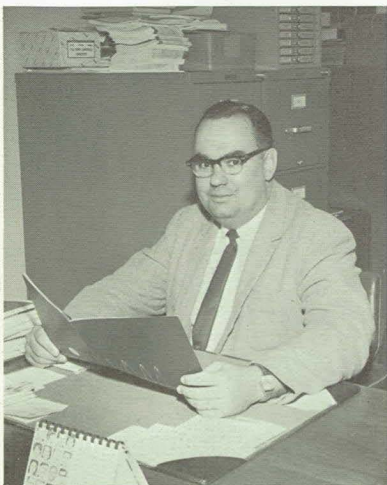

Mrs. Frances Linkesh

Mr. Francis Linkesh

Mr. Francis Linkesh, a new science teacher at Fort Cherry is a well-mannered and easy-going individual. His eighth graders find his classes both informative and interesting. He is easily recognized by his friendly attitude and genuine concern for his students. We welcome him as a fine teacher and as a promising addition to our faculty.

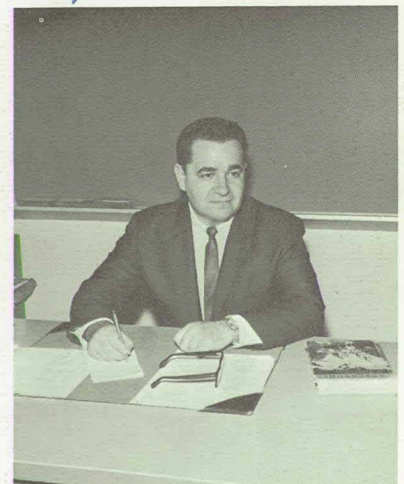

*Good luck to a very good student of Mr. Linkesh*

Mr. Ralph Loughman

The future of a student is influenced at one time or another by a man trained in professional guidance. Such a man at Fort Cherry is Mr. Loughman. Realizing that future success depends upon present achievements, he co-sponsors two very worthwhile organizations—the Student Council and National Honor Society.

One of Fort Cherry's fine English instructors, Mr. Lusi can be found teaching the fundamentals of the language to the Sophomore class. Under his direction, this year's Junior Class Play was a great success. In the classroom, he expresses a deep concern and a profound interest in his students.

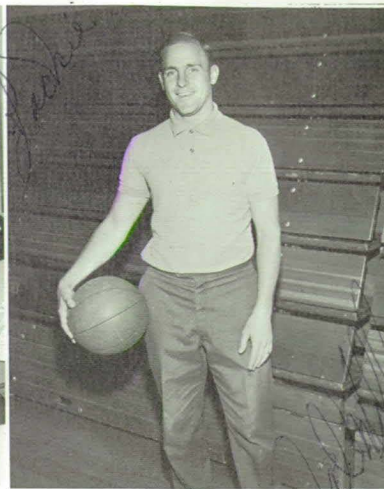

Mr. Fred Lusi

As Mr. Schwartz's secretary, Mrs. McVicker has a busy job indeed. She handles it, however, very competently and readily. Her friendly manner, kind-hearted nature, and willingness to lend a hand to anyone who needs it, makes her a real asset in the administrative department.

Mrs. Mary McVicker

Mr. Dale Miller

Vitality and indefatigable energy must certainly be one of Mr. Miller's attributes to enable him to teach seven straight classes of gym a day. Often his students find that they have to really work to keep up with him in the various activities of his gym classes. Coaching the basketball and golf teams are only two of his extracurricular activities.

Mr. Donald Morrison

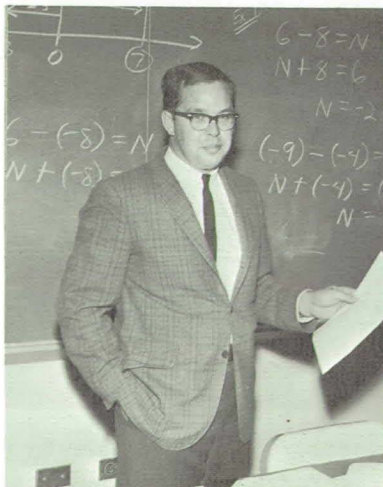

Giving students their first real insight into American literature is the task admirably accomplished by Mr. Donald H. Morrison. His enthusiasm and love for the subject he teaches make his classes interesting and enjoyable. His thoroughness and dedication to his job earn him the admiration of many of his students.

Seniors struggle through the perplexing Problems of Democracy with the excellent guidance of Miss O'Bryon. She skillfully encourages every student to participate in the interesting classroom discussions making them beneficial to all. As the indispensable sponsor of the yearbook, she encounters many problems not found in the P. O. D. textbooks. She handles these problems masterfully and in good humor.

Miss Virginia O'Bryon

Helping eighth graders solve the mysteries of modern arithmetic and general mathematics is the task admirably performed by Mr. Peters. His engaging explanations which are easily followed and understood by his students are a tribute to his proficiency. Last year's baseball team owes much of its success to his valuable assistance.

Mr. Donald Peters

Mr. John Post

The tall, stern-looking teacher keeping order in the hall at 8:25 is Mr. Post, really a quite amiable fellow. His main duties are teaching Shop I and Shop II and Mechanical Drawing—jobs he handles skillfully. As coach of the junior high basketball and varsity cross-country teams, he takes justifiable pride in their achievements.

A man acutely aware of the value of a good sense of humor is Mr. Sal Pusateri. He possesses the ability to make even the duller facets of American history alive and exciting. His interesting lectures enable his students to appreciate more fully their country and its historical background. He also sponsors the Junior High Student Council.

*Best wishes,  
A. J. Pusateri*

Mr. Salvadore Pusateri

Miss Lilian Razum

"Around the world with Miss Razum" is a phrase which could easily be used to describe the classes of this capable instructor. By her explanations of the world we live in, she captures the attention of her geography students. She always manages to keep her classes running smoothly and in perfect order.

*Lillian Razum*

Mrs. Marie Smiley

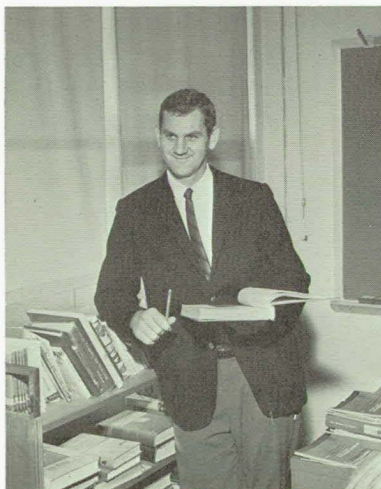

Concerned primarily with the commercial department, Mrs. Smiley is devoted to creating efficient secretaries for the business world of which her students will soon be a part. Through her typing and shorthand classes, she attempts to equip her students with the essential commercial skills. In addition, she is also a sponsor of the Business Club and Junior Class.

Although a recent addition to the English Department, Mr. Snyder was quickly indoctrinated to F.C. activities as sponsor of the Debate Club. His broad background in the field of linguistics and public speaking makes him an excellent Debate Coach. In his classes he strives to erase any and all grammatical errors made by his eighth grade students.

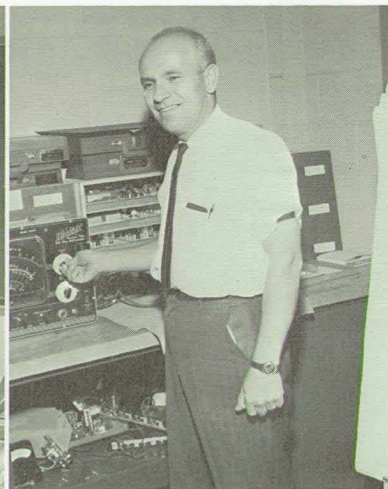

Mr. Lester Snyder

Mr. Sprowls devotes his time to two very demanding activities—teaching World Cultures to Sophomores and coaching the Varsity Basketball team. Although these activities take up much of his time, he competently supervised the Senior magazine campaign, which was a great success. No matter how difficult the problem, he always "Comes through" as master of the situation.

Mr. Duane Sprowls

Mr. Benjamin Stasko

Mr. Stasko heads the Industrial Arts Department, teaching mechanical drawing to the boys of the Junior and Senior classes. He is also certified to teach mathematics, which he has done in recent years at the high school. In addition to his interest in these areas, he enjoys the outdoors as is evidenced by his many hobbies.

Mr. Roy Taylor

It would be difficult for any school system to operate efficiently without substitutes. A notable and well-liked substitute is Mr. Taylor, who has this year consented to assume the responsibilities of a shop teacher in addition to his work as a petroleum salesman. Concerned with young people, he has in recent years acted as a counselor at the Youth Forestry Camp at Racoon State Park.

As a teacher of seventh, eighth, and ninth graders, Mr. Tokar is a favorite with these Junior High historians. He introduces many interesting and unusual bits of information not found in the textbooks to his students. Another phase of school life in which he plays an important role is the football team. As the freshman coach, he prepares the boys for the varsity team.

*Edward J. Tokar*

Mr. Edward Tokar

One of the busiest teachers at Fort Cherry, Mr. Tuma, conducts both general music classes and the senior chorus with a professional touch. His gifted voice can often be heard echoing among his singing students. His other activities include giving private voice lessons to anyone wishing to extend his career in music and directing the Fortress Choir. Mr. Tuma is President of the Washington County Music Educators Association.

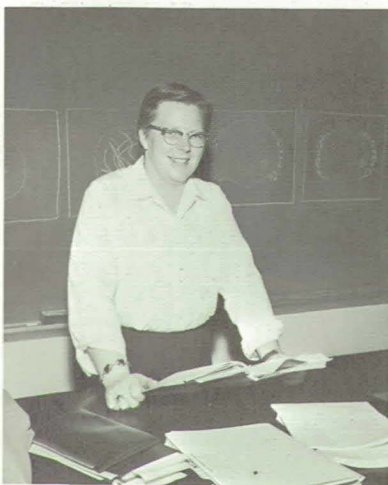

Mr. Kenneth Tuma

Mr. John Vroble

"Let's try it once more" is a favorite of this man, who is sometimes accused of secretly wearing ear plugs. Patience and endurance are the two best words which can be employed in the description of Mr. Vroble. Anyone who can give lessons to prospective band members deserves more than an E for effort.

*John Vroble*

Miss Ruth White

Sponsoring the Girls Athletic Association and teaching health and physical education are the foremost concerns of Miss White. Her athletic skill and understanding nature have earned her the respect of many students. Miss White's talents, however, extend beyond the classroom as is evidenced in her achievements in the field of woodcraft and her projects in other handicrafts.

Always ready with an answer to her students' many questions is Mrs. Edith Wilson, reading teacher. A firm believer in the value of good reading habits, she impresses upon her students the need for reading both in and out of the classroom. Through her classes she introduces Junior High students to the vast knowledge awaiting them in books.

Mrs. Edith Wilson

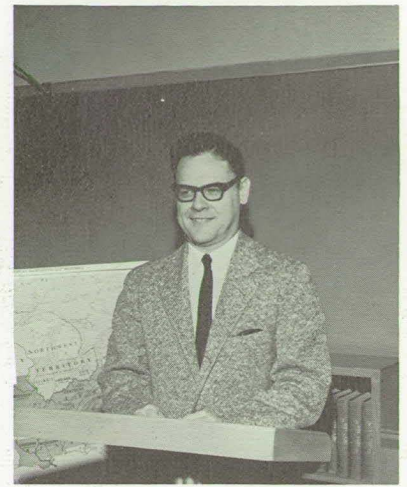

Miss Lee Zimmerman

A recent addition to the faculty is Miss Zimmerman, who teaches Bookkeeping I and II, and Business Math. She tries to impress upon her students the ability to think for themselves, a quality that will undoubtedly be helpful in the future. She never hesitates to give individual instruction when it becomes necessary.

Teaching Juniors to appreciate their American heritage is the responsibility of Mr. Zollars, and one he fulfills quite well. His keen insight into the background of the United States makes his class lectures both interesting and informative. Students learn to become better, more informed citizens as a result of their in-depth study of the United States Constitution.

Mr. William Zollars

Left to right: Richard Burns, Jay C. Hillman, Marilyn Fennell, and Stanley Popielarski.

These four new teachers were acquired at the beginning of the second semester to fill vacancies in various departments. Mr. Hillman took over the duties of teaching American history while Mrs. Fennell assumes the responsibilities of teaching Reading. Mr. Burns and Mr. Popielarski were hired as regular members of the Music and Industrial Arts Departments respectively.

# *CURRICULUM*

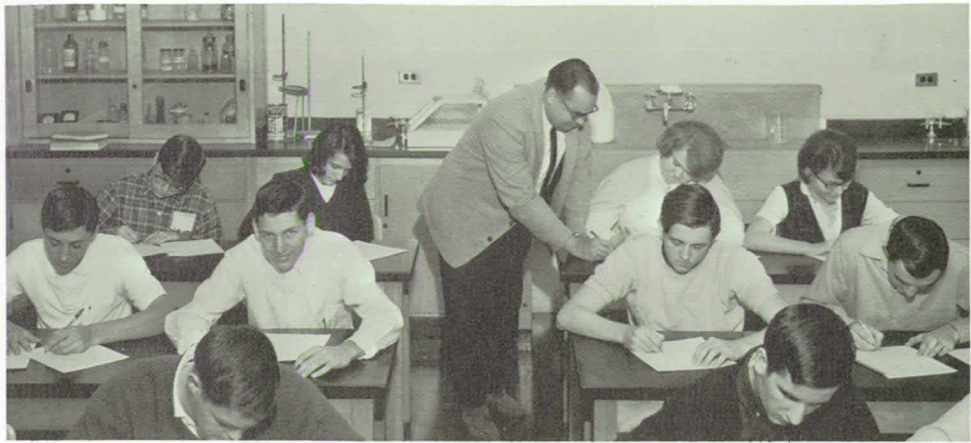

*Whether academic, commercial, or vocational, each of us may look back with pride knowing that the subjects we have taken have capably prepared us for the future.*

# Academic

"But, Miss Kirk, we can't all be perfect—even Hemingway probably forgot a comma somewhere."

"The equation balances perfectly, but does  $9 + 8 = 15$ ?"

"Why did we wait till the last minute?"

"Watch Out! Here he comes with his grade book."

"Faites-attention!"

"Did you say Edgar Allen Thoreau wrote 'The Raven'?"

"You do it!. I don't want to get blown up."

# Commercial

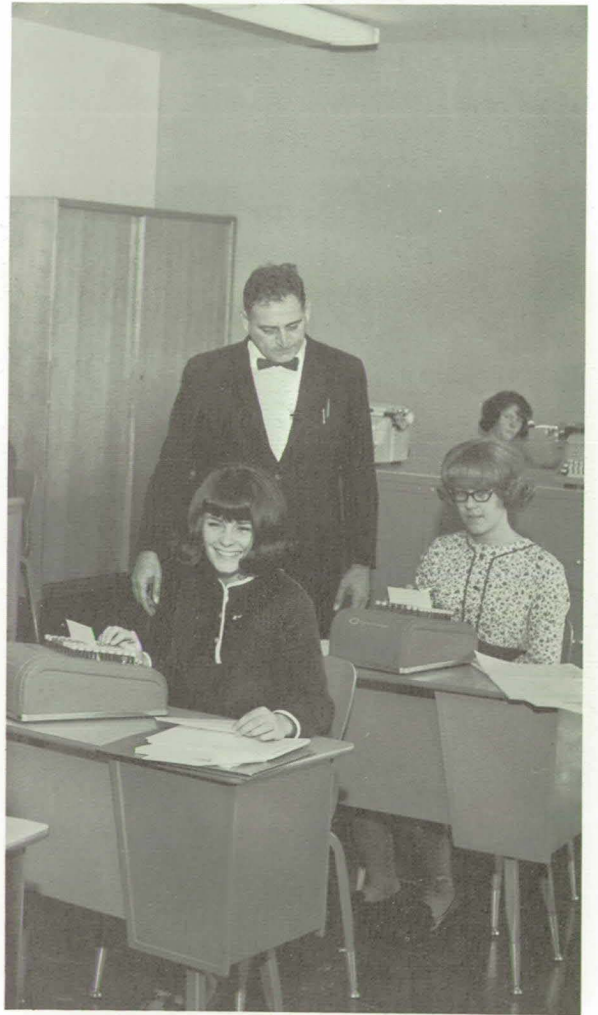

"Are expenses debited or credited?"

"Now we know who didn't do her homework. Don't we, Nancy?"

"No girls, you don't find the stock market on the Funny pages!"

"Careful, Lulu, the boss is checking up on you."

"Let's see, are there two spaces after a comma?"

"Not so fast, Mrs. Smiley!"

Consumer Ed. Students work diligently on their problems.

# Vocational

Though haggard and worn, their faces were happy in the knowledge that they had created. Names had been listed, corrected, and typed; pictures had been taken, and the completed product was on the way to the publisher. This fact sang and made music to the ears of the hard working editors. They could relax—the *Panorama* was coming out on time! The sleepless nights and hectic days were forgotten, for the thrill of seeing the result in print is one which a member of the *Panorama* Editorial Staff would not exchange for any other.

Mary Kramer, Editor-in-Chief and Miss O'Bryon, Sponsor.

## "Oriental Sunset"

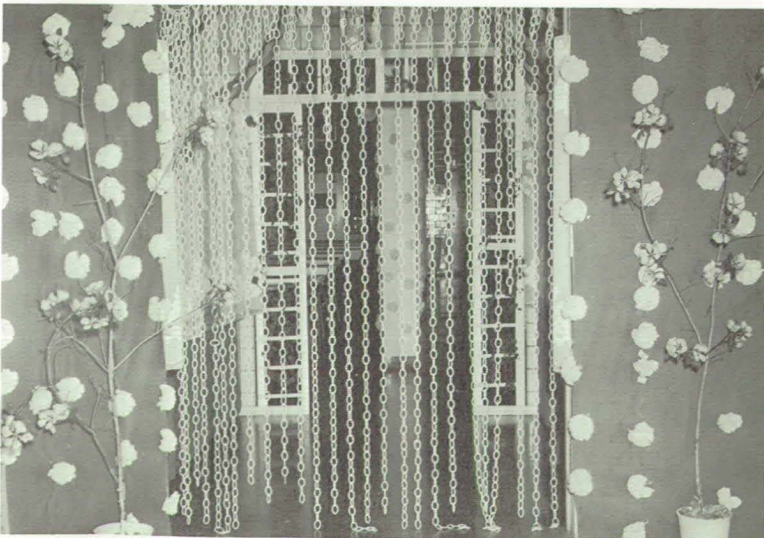

With enthusiasm and pride the class of "66" presented their Junior Prom. The Prom was held in the Fort Cherry High School Gymnasium on a beautiful May evening.

Passing through the Japanese *torii* the couples entered the gymnasium decorated in blues, reds, and yellows. Flowering trees, Japanese lanterns, and a tranquil volcano created an "Oriental" atmosphere. Doug Cahill and his band provided music for dancing.

A post prom was held in the school cafeteria following the prom. Everyone enjoyed the delicious food served and the many prizes given away. After a refreshing meal, the couples departed for the auditorium where a wonderful evening was ended with entertainment.

Surely this evening in the mystic "Orient" will be a lasting memory to the couples who enjoyed it.

Drum Majorette

It was a cold night and the wind whirled against the lights of the Fort Cherry Stadium. Shouts of pride burst the crisp, moving air as the majorettes came on the field at half-time. In a flash of red plumes and silver batons, the majorettes with their wide smiles showed our opponent that Fort Cherry isn't lacking in feminine beauty and spirit. The majorettes practiced long and hard to the music of the marching band to achieve the results shown at the games.

To show their gratitude and respect, the younger majorettes presented the Seniors with lovely corsages at the last home football game. The Seniors will always cherish the memory of the honor of being a majorette.

This year the school newspaper, the *Pinnacle*, is put out by the Journalism Club with a new sponsor, Miss Braddock.

The club members are kept busy getting news articles, thinking up interesting material, and laying out the *Pinnacle* for publication.

The paper is financed by getting ads from local businessmen and selling subscriptions to the students and faculty.

Through the efforts of the Journalism Club the school news is kept up to date.

"Oh, It's a perfect fit."

The Student Council is an organization of students, elected by students, to serve as official representatives of the student body in all matters concerning the students themselves.

Council members are elected from each homeroom in the tenth, eleventh, and twelfth grades. Ed Richards, president of the student body, is also president of Student Council. Miss Kirk and Mr. Loughman, the Guidance Counselors at Fort Cherry, act as sponsors.

The members of Student Council have many projects. Among these projects are paying for the National Honor Society pins, sending the incoming president to the Student Council Workshop and decorating the Christmas tree.

To finance their projects members sell wrapping paper, sweat shirts, and sponsor the boxing glove basketball game.

# National Honor Society

Encouraging students to excel in scholarship, in character, in leadership, and in service to the school is the purpose of the National Honor Society. Students earn the coveted membership by maintaining a B average or better and by being given superior ratings in the areas of scholarship, service, leadership, and character. Any member who drops below these standards automatically forfeits his membership in the Honor Society and may not be readmitted.

A student first qualifies scholastically for membership; next his name is placed on a list of eligible students. This list is then presented to the faculty for

consideration in the areas of leadership, both in curricular and extracurricular activities, in personal services for teachers, and in strength of character. A student who is rated low in these requirements is not admitted to membership in the National Honor Society.

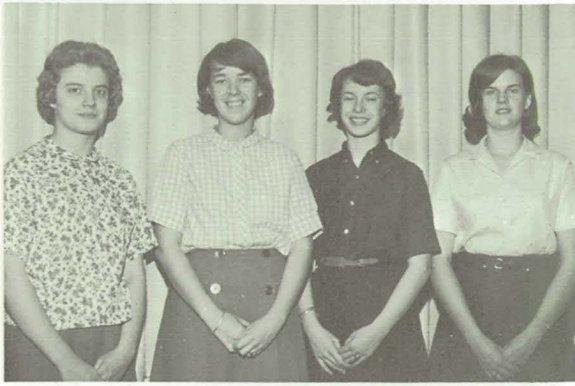

Probationary members chosen from tenth grade students must maintain the high standards required to become active members in their junior and senior years. A sophomore who fails to meet the required standards may become a member in his junior year if, by that time, he has met them.

# Future Nurses of America

K. Engel, President; G. Hettman, Vice President; L. Dallmeyer, Secretary; P. Cowden, Treasurer.

The purpose of the Future Nurses Club is to bring together, in high school, young people interested in a career in nursing or health. The girls learn to explore various opportunities and requirements in these fields in order to prepare them for the occupations in which they will be soon participating.

Any sophomore, junior, or senior girl who maintains an above average grade in all subjects, including the required courses for acceptance by a nursing school, may acquire membership in the club.

Touring hospitals and mental institutions, listening to talks given by student nurses, preparing favors for the Washington County Women's Home, and sponsoring the tuberculosis fund drive in school are various activities of the club. Many educational films dealing with medical careers are shown in order to familiarize the students with hospital life. Several of the members spend their free time assisting the school nurse and sponsor, Mrs. Burns, in the health suite.

# Future Teachers of America

Since its foundation, the Fort Cherry F.T.A. Club has grown in size and importance.

The club is made up of all those students who are interested in further education whether or not they have decided upon teaching as a career.

The club members take pride in being active in school affairs. These activities include providing ushers during open house, providing student teachers when regular teachers are absent from their classes for short periods, having an annual Student-Teacher Day when each member serves as a teacher for a full day, and having a Teacher Appreciation Day when the club members serve tea and cookies in an effort to thank those faculty members who helped make their Student-Teacher Day a success. Apart from these in-school activities going on a field trip to a college or university provides educational as well as cultural enjoyment to the club members.

# Future Homemakers of America

The Fashion Show

The main purpose of the Senior Future Homemakers of America is to make home life more comfortable and enjoyable. Under the leadership of Miss Ammons the group also learns to understand and help each other in various activities.

The Fort Cherry chapter of the Future Homemakers of America enables its members to receive additional experience in planning and performing the various activities concerned with homemaking, and also informs the girls of better methods of self-grooming.

A great variety of discussions takes place during the year. Speakers are often invited to the monthly meetings to give a demonstration or speech on a number of different subjects which are of interest to the girls. Among the topics of discussion are fashion modeling, hair styling, food demonstrating, and nursing or health habits.

The members occupy themselves with a diversity of activities. A style show, where the girls model clothing which they have made, is one of the highlights of the year. A field trip and Mother and Daughter Banquet have become annual events.

The Future Farmers of America, F.F.A., as it is commonly known, is the national organization for boys studying vocational agriculture.

Through the F.F.A. and the agriculture classes, the boys learn the most modern and scientific methods of farming. In addition, they are taught how to develop leadership, responsibility, and various other qualities of a good citizen.

Not only do the boys learn in the classroom but also through their "home supervised farming programs." These programs are under the direct supervision of the school. The programs are made up of a variety of things such as dairy cattle, poultry, swine, sheep, truck crops, field crops and small fruit.

Realizing that most of our food and clothing comes from agriculture, we can easily see that boys studying vocational agriculture are preparing for one of the most important industries today.

# French Club

THE 125 MEMBERS OF FRENCH CLUB

Le Club Francais was established for the purpose of promoting the study of the French language and culture. The membership of the club, which is open to all those students in grades 9 through 12 who are taking French or who have taken it in the past, is growing every year, indicating the growing interest in France and its people.

This year the first year members of the French Club underwent an initiation for the first time in the club's history. All those students desiring membership were required to wear a toothbrush around their necks, different colored knee socks, and a sign that declared their worthlessness. At 3:45 on initiation day they became official members of the French Club.

Another innovation in Le Club Francais this year was the adoption of an emblem and pin. All third year members received their pins and all second year members received an emblem, suitable for a sweater or a jacket.

The annual Mardi Gras finished the year with a lavish array of food, beverages, and entertainment.

# Spanish Club

THE 106 MEMBERS OF SPANISH CLUB

Pres., B. Johnen; V. Pres., J. Delpiere; Sec., C. Matthews; Treas., L. Strain; Sponsor, Mrs. Campbell.

The purpose of the Spanish Club is to acquaint students with the culture of the Hispanic World, through art, music, crafts and literature. All Spanish students are members of the club since its activities supplement the work in the classroom. On the fourth Thursday of each month, 3A period, the club meets in the library to participate in various activities. Among these are singing Spanish songs, performing regional dances and playlets, talking with foreign visitors, and seeing films depicting Spanish life and customs. The students celebrate the Christmas season by singing vilancicos—Christmas carols—and performing Las Posadas—the nine day celebration of Christmas in Mexico. Tertulias (small get togethers) are held at different times throughout the year in which each student is a participant, whether it be in music and dance, poetry or philosophy.

One of the highlights of the year is the colorful Mexican fiesta where each student becomes a señorita or señor for a few lively hours. Each year two buses carry the Spanish students to Pittsburgh to the Carnegie Music Hall or Syria Mosque to enjoy an evening of exciting music and dance by José Greco and his troupe or perhaps Antonio de España or the Mexico Folklorico.

In order to finance the club's activities for the year, a sale of stationery takes place in the early fall. In all our plans, we strive to rejoice in the Latin love of beauty and to learn new appreciations and values.

The group of students known as "Library Assistants" is not a club such as other clubs, since it is not organized, and does not engage in the same type of activities as most clubs. It is a service group, which renders valuable assistance to the library and to the school, during both the regular monthly meetings and the periods in which individual students work. The school library offers to students many work experience opportunities, and it extends a challenge to young people. The "Library Assistants" through their service to fellow students and teachers play a very important role in the life of the school.

# Reading Club

Left to right: S. Kelley, Sec.; A. Milsap, Pres.; R. Leipold, Vice Pres.; W. Johnen, Treas.

The Fort Cherry Reading Club serves Sophomore, Junior, and Senior students who enjoy reading and sharing their reading experiences with others. Members meet twice monthly and are encouraged to actively discuss each year a number of books.

A member must maintain a scholastic average of 2.5 and be genuinely interested in the analysis of author's works.

*Bibliophile* is the club's true name which means admirer of books. The members represent those students who realize the values to be attained from books.

# Thespians

The Christmas Program

And a ho, ho, whoa!

The Thespians is the Fort Cherry club devoted to speech and dramatics. Organized as a class, this club meets on alternate Fridays. Students act as chairmen, moderators, and critics. Opportunity is given the members to gain experience in pantomime, role-playing, and acting. Practice of parliamentary procedure is also a special project. The production of an annual Christmas program is one of the highlights of the year.

Interest in the Thespians has led to an enlarged speech department. The thirteen members of the first speech class have increased this year to sixty students. This expansion will enable students to schedule Speech II, with Speech I being devoted to the fundamental skills of spoken English and Speech II, as the Thespians, affording additional opportunities to students to pursue work in dramatics.

## Debate and Forensic Club

The Debate and Forensic Club serves a two-fold purpose for students from the tenth grade and upward.

First, it provides for an opportunity to represent Fort Cherry in District Three of the Pennsylvania High School Speech League when debate teams engage in their time-honored, high-level academic activity. This opportunity to become a debate team member not only means service to our School, but provides a means of preparation for those in such professions as law, government, public relations, and other areas of later life where ability to convincingly express one's ideas plays a large part in the attainment of success. Many outstanding men and women in public life today credit their high school debating experience as the starting place for advancement later on.

Secondly, the Club's forensic phase of operations offers students a chance also to represent our School in District Three speaking contests. Prose and poetry reading, informative and persuasive speaking—all these are divisions of competition. Every student can profit from this Club opportunity. Whatever interest later life brings on, ability to speak in community club, social circle, union local, church group, and many other popular areas of activity becomes a benefit resulting from student participation in forensic. This means leadership! You can become a leader!

Winning success in both areas of Club activity leads to state-wide competition at Penn State University. Membership is open to qualified students. Mr. Snyder, of the English Department, sponsors the Club this year.

*Seated:* Rhonda Ragland, Sharon Miller, Pres.; Roberta Charlier, Suzanne Cerezo, Sec. *Standing:* Jerry Cowden, Ann Yanosik, Mr. Snyder, Sponsor; Patty Miller, Treas.; Bill Johnen, Vice Pres.

# Girls' Athletic Association

The purpose of the Fort Cherry Girls' Athletic Association is to provide competitive and recreational activities in addition to what the girls accomplish in scheduled physical education classes. For girls who are genuinely interested and who can fulfill the membership requirements, this club is a proving ground in leadership, sportsmanship and good citizenship. To be eligible for membership, a girl must have had a B average the preceding year in physical education, and must *maintain* this average if she is to remain in the club.

Past activities have included swimming parties, intramurals in basketball, volleyball, softball, track and field. Also, the GAA Seniors annually "challenge" the women Faculty members to a game of volleyball. So far, at this "girls only" event, the Faculty team has been able to prove quite conclusively that during those four years of preparation for teaching, they weren't letting their volleyball skills sit on the shelf.

This year, for the first time (except experimentally), there is a GAA Girls' Varsity Basketball team, under the guidance of Mrs. Duschl. Sponsored by the GAA, and made up only from GAA members, the team shows promise of providing some thrilling moments of girls' basketball at Fort Cherry High School this year and in the years to come. Already, it has become an added incentive for the girls to put forth more effort in gym class and elsewhere.

## The Candy Sale

The Varsity Club is composed of boys from the senior high school. In order for a boy to become eligible for membership, he must earn a letter through participation in athletic contests with another school. The method of determining a letter winner varies with each individual sport. However, once a boy earns a letter in a major sport—football, basketball, or wrestling—he is eligible for a varsity packet. If a boy participates in any minor sport, two letters must be earned in order that a jacket be awarded for the sport.

This year the Varsity Club sponsored a candy sale and the Varsity-Faculty basketball game. The proceeds from these two events were then used to purchase the necessary jackets.

The Industrial Arts Club is an organization composed of boys who take shop.

Throughout the year the boys set up risers for the Band and Chorus Concerts, and for the club pictures. They operate the projection equipment, the spotlights and stage equipment during assemblies and other special school functions. They also erect the scenery for the Junior and Senior plays. Another important service is the construction of numerous items needed for the Prom.

The work of this club is frequently overlooked but it performs many valuable services for the school.

The purpose of the Fort Cherry High School Science Club as stated in the constitution is "to enrich and broaden the knowledge of those persons interested in science beyond regular class instruction." Although the members have different interests in the field of science, they work together to achieve this purpose. The Science Club gives its members opportunities to explore various fields of science first hand.

Through films, demonstrations, and field trips, the members experience the work of professionals. By these means, the individual members can obtain more knowledge of the different sciences and the opportunities open to them in various fields.

The members also explore science for themselves through experiments and research.

The peak of the Science Club's year is the Science Fair. Students from all the grades enter projects in one of four fields: Chemistry, Physics, Biology, or Mathematics. Prizes are awarded to the outstanding projects.

"Come on, Pat, it isn't that bad."

The main purpose of the Business Club is the achievement of a better understanding on the part of students of everyday business and economic practices, procedures, and conditions. The students develop a better understanding and liaison between the school and the business world. As a service project this year, the club will assist the Guidance Department in its Five-Year Survey of Graduates by helping with some of the clerical work involved. Club members are planning the annual field trip to visit offices and a business school in the Pittsburgh area.

Bill Hastings, a likeable young college teacher, tired of correcting freshman English themes decides to become a newspaperman. After many tribulations, he finally gets in to see the Managing Editor, the redoubtable and irascible G. R. Fosdick. Through a fortunate combination of circumstances, Bill does get taken on—the catch is that he is taken on as “Aunt Phoebe Goodheart,” dispenser of advice to the love-lorn! Bill falls hard for Mickey Riley, only female sports editor in captivity, and a charming one to boot. Impetus for the hilarious, madcap complications that ensue is provided by a letter that arrives for Aunt Phoebe from Rochelle Mignonne, a “French chantoosey” with a Bronx accent. Rochelle has evidence implicating night club owner Big Joe Moroni in a sports-fix scandal, and Bill, with Mickey’s help, goes after the story. To do so, he has to dress up as “Aunt Phoebe”—and then things really start popping. Almost under the noses of Bill and Mickey, Rochelle is murdered, and they have to solve her killing before the next morning’s deadline. Their task is made no simpler by the arrival on the scene of Big Joe, of Victoria Parrish, eccentric owner of the Star who has not stirred from her mansion on the hill in thirty years, and of other strange and wonderful characters. Of course, virtue and true love triumph in the end, but not before the audience has been regaled by a number of the most side-splitting scenes that ever rocked an auditorium with laughter.

*The Curious Savage*, an entertaining and fanciful comedy written by John Patrick, is a story of a wealthy widow and her grown-up stepchildren. Mrs. Savage has been left ten million dollars by her husband and wants to make the best use of it, despite the efforts of her greedy children. Mrs. Savage is determined to establish a fund to help others realize their hopes and dreams. The children commit her to a sanatorium to "bring her to her senses"; but in the sanatorium she meets new friends who are interested in *her* and not in her money. All the guests in the sanatorium get mixed up in all sorts of ridiculous mishaps which result in delightful entertainment. The end result is to prove that the neglected virtues of kindness and affection have not been entirely lost in a world that seems motivated at times by greed and dishonesty.

The purpose of the Tri-Hi-Y Club is to create, maintain, and extend throughout the home, school, and community, high standards of Christian character. It does this by performing many services throughout the school year.

One main service of the Tri-Hi-Y is the Lost and Found which holds lost articles until the owners claim them. Another is the coat check that is performed at basketball games and dances. The club also participates in a nation wide project known as "Bundle Day". At this time the club urges all students to bring clothing for needy families across the country.

Under the leadership of Mrs. Dyson and Mrs. Holleran, the girls who make up this organization are able to carry out their services to their fullest capacity.

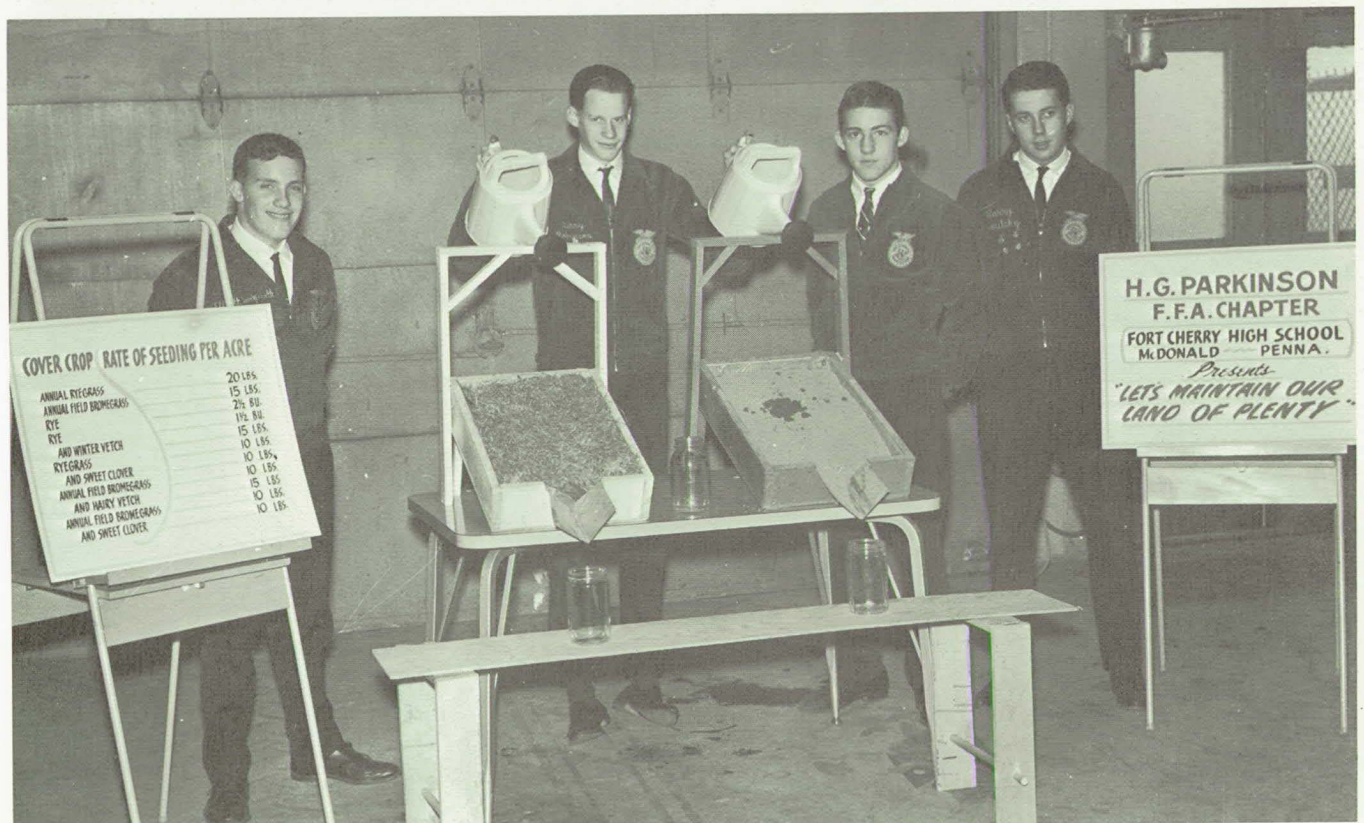

"Now, when did I lose that?"

## Clubs at State Farm Show

The Future Homemakers Club used "Oriental Dishes" as the subject of its demonstration at the Farm Show in Harrisburg. The team, made up of Candace Latini, Judy Snatchko, and Linda Loneske, placed sixth and received a cash award of thirty-five dollars. Miss Ammons accompanied the girls on the trip.

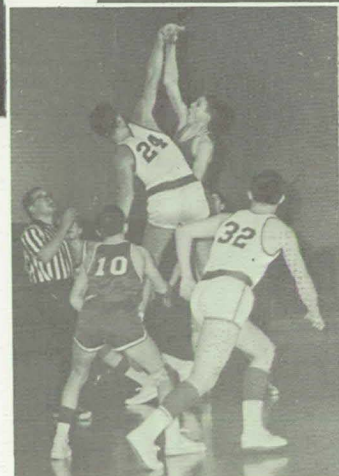

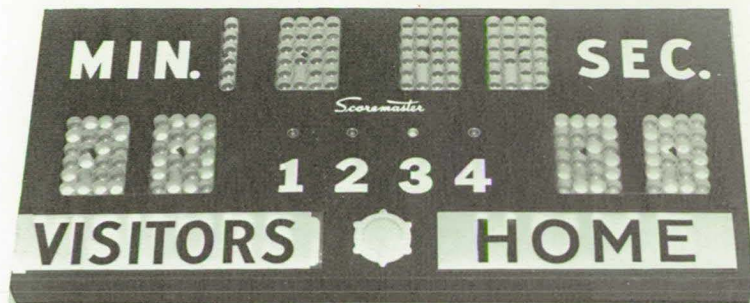

"Let's Maintain Our Land of Plenty" was the theme of the Future Farmers of America at the annual Farm Show in Harrisburg. Members of the group were Elliot McWreath, Terry Robinson, Wayne Porter, and Larry Smitsky. Mr. Carter supervised the team at the exhibit.

Charles Scott

Charles Scott, active in many sports, was chosen by his teammates as football's "Most Valuable Player." Charles has received two letters in football, one in basketball and one in track. In addition to being an excellent athlete, Charles displays qualities of leadership and character that fit him for the award.

These traits are evident in his other activities as well. Charles is a monitor and president of the Varsity Club. He has enlisted in the Navy and will enter the service upon graduation.

This year the basketball lettermen have chosen Byron Hardy as the "Most Valuable Player." They based their selection on the qualities of leadership, character, and athletic ability.

Byron has been a member of the basketball team since his Sophomore year and has contributed greatly to its success. Other sports in which he has participated include track and cross country. He is also an active member of the Varsity Club.

Byron Hardy

# Players

The Fort Cherry lettermen in wrestling have chosen Tim Duran as the "Outstanding Wrestler" for this year. The outstanding qualities of leadership, athletic ability, and character helped Tim obtain this honor.

Besides wrestling, Tim is also an active member of the Varsity Club and belongs to the Chorus.

Tim Duran

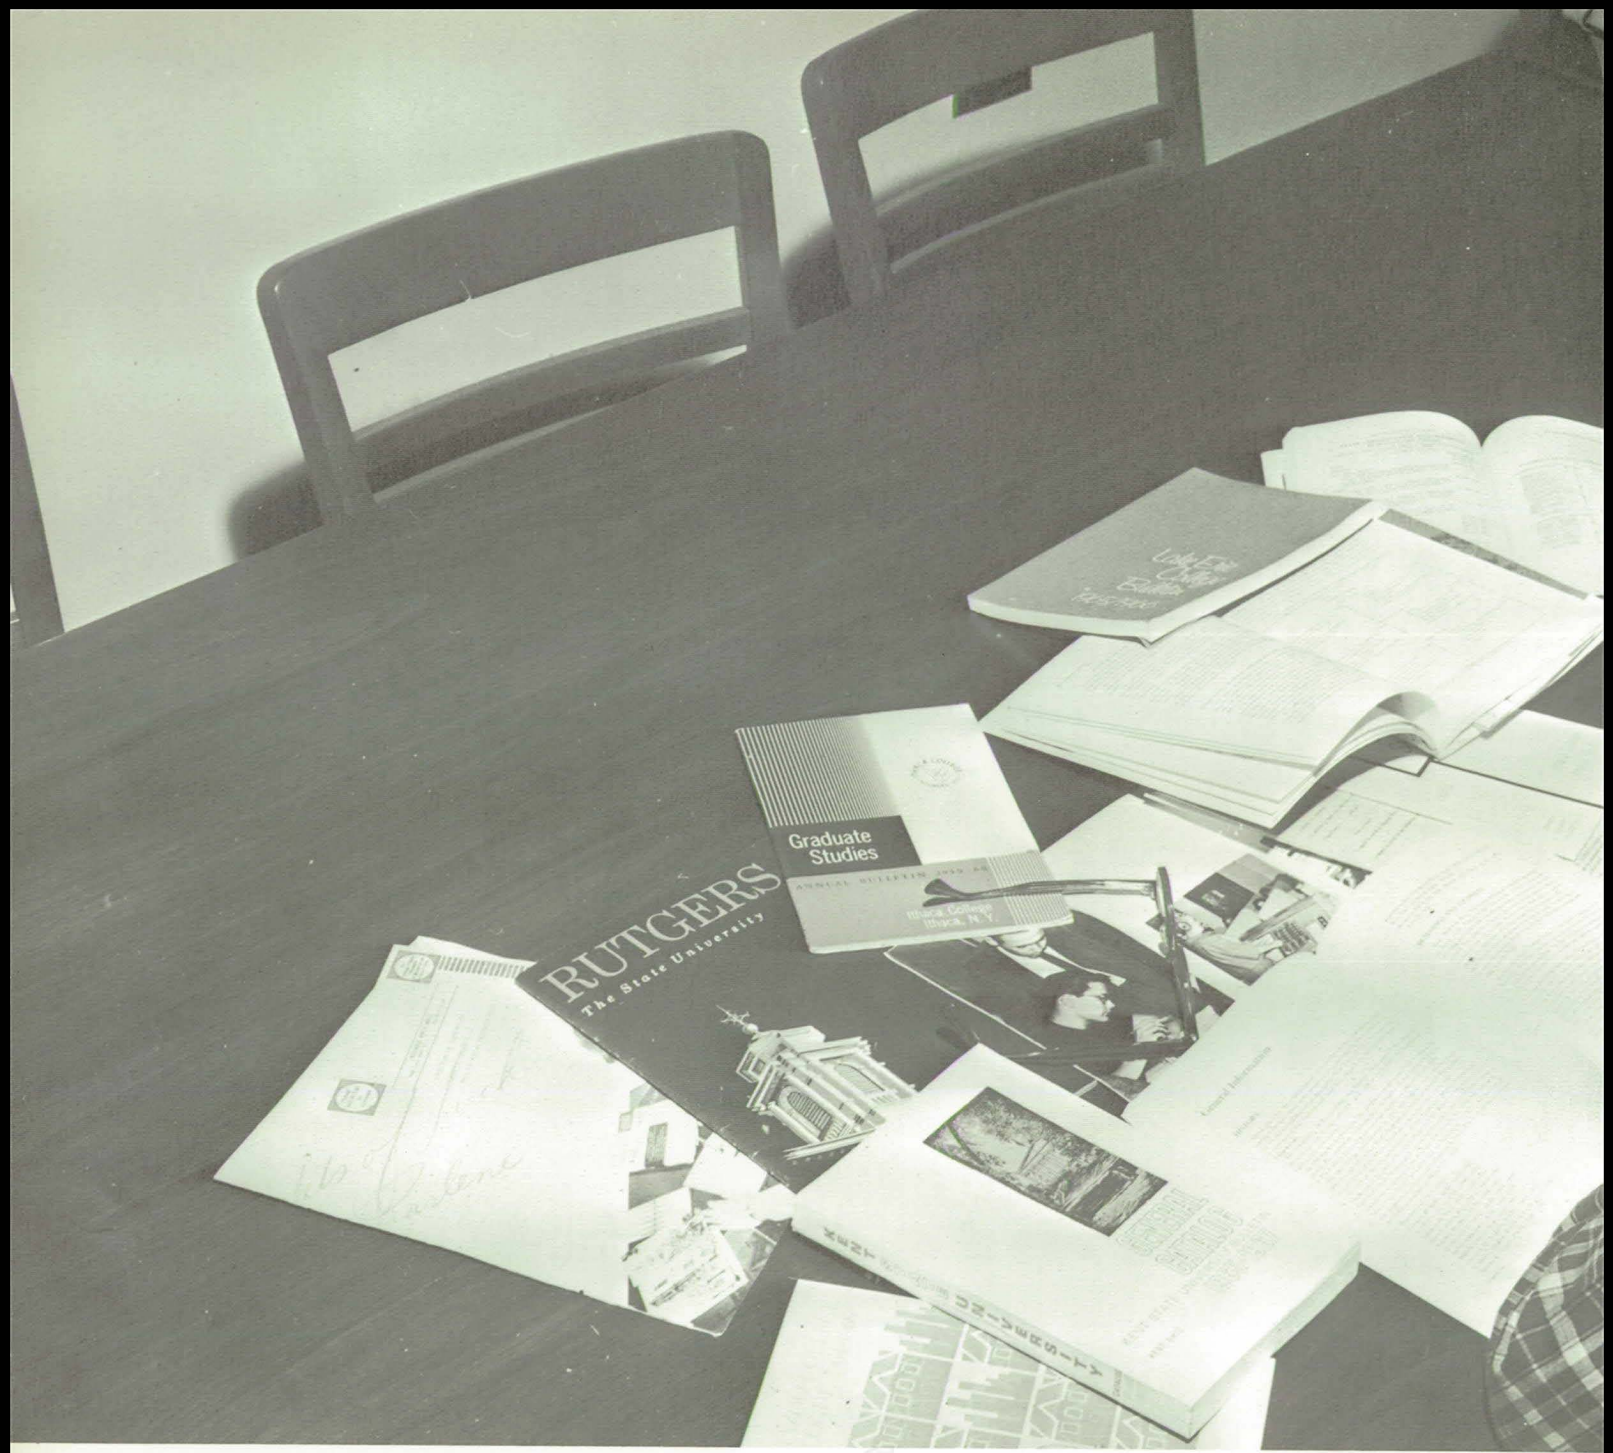

Richard Descutner

For his athletic ability, character, and high scholastic record, Richard Descutner was chosen to receive the Doctor Charles M. Hughey Award. For the past three years, Dick has been a participant in Tennis as well as Football.

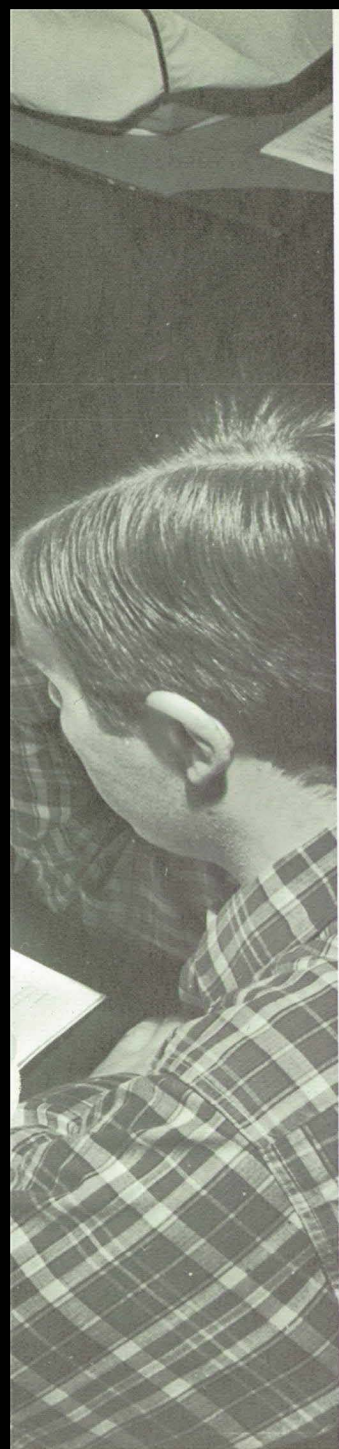

In addition to sports, Dick is active in the Science Club and National Honor Society. He plans to continue his education at the University of Cincinnati.

## D.A.R. Award

Charlene Cogniet

*Jackie,*

*Wishes  
Always,  
Charlene*

The Senior Class of 1966 proudly honors Charlene Cogniet, winner of The Daughters of the American Revolution Good Citizenship Award. Charlene, an excellent commercial student, holds active membership in the Yearbook Staff, FTA Club, the Business Club, and serves as the Secretary of the Senior Class.

The D.A.R. specifies four basic qualities which are necessary for a student to be considered for the award. Dependability, including truthfulness, loyalty, and punctuality. Next is service, meaning cooperation, courtesy and most of all, consideration for others. Personality, self-control, and the ability to assume responsibility are important factors in the quality of Leadership. The last characteristic is Patriotism, which is an unselfish interest in the home, school, community, and nation.

After receiving this award, Charlene took part in the state-wide contest on "Our National Government." Later, she was one of three area "Good Citizens" honored at a luncheon given by the D.A.R.

Our very best wishes will go with Charlene in whatever career she decides to follow, for her achievements here at Fort Cherry make us proud of her and certain of her success.

Jackie,  
To a real luff girl  
in my room and home room  
good luck in the future

Jackie,  
To a nice girl I've  
know for a long time  
I hope you will go  
far but not too far  
because we might  
lose you.  
Tom

## S. A. BUGAY

Jackie,  
To one of my best friends and the tuffest  
girl I know. Rem. the time we played tag &  
we had a ball. I know you'll never forget  
the time we went down Plonka's and ate all  
those Bugles. You can dance so tough & sing  
nice too. But whenever we talking on the phone  
you're always singing and I always say  
SHUT UP! (but you don't)

Jackie,  
To a nice girl  
for played tag with  
for two years.  
R.M.A.

To Jackie  
a real nice  
girl whom I  
spit balls all year long  
this

Don't ever forget me + Cool Jerk

Rem. when we to Bridgetille and bought  
French fries and ran outside and ate them.

I hope in the years to come we have  
some more groovy times. Luck + Success  
at the Post. I don't have to wish you  
luck with the Boys because you've always had  
luck.

Although our lives are filled with the rush and excitement of graduation and with plans for the future, memories of six wonderful years add a touch of sadness and serenity to our lives.

We remember six wonderful years of cheering, working, living together as a class. In places such as this we learned not only of people and ideas but also of life and each other.

We remember especially this last year: the last pep assembly, magazine sales, ballgames, the Christmas Concert, and the Senior Play. We remember the busy 3 A's, the homework, the many decisions to be made.

But now the year is over and we depart, never to meet again in this school to work and to hope. Proudly we leave, confident of our education and of our ability to meet the challenging future.

So one of the  
best & nicest girls  
I know. Remember  
we had. Crazy times.

My  
Best  
Friend

Jackie,  
So a sweet & cute girl I met in 4th grade.  
I hope we keep up the friendships we have.  
Never forget that Sat. you & Debbie came  
down my house. Luck in the future.

Of the  
sweetest kid  
I've met  
I suggest one  
with the  
biggest smile  
and the  
biggest eyes  
I'll love & love
